3. Enter insurance details and click Next.

Step 2 - About You

Select the referring provider and add any needed documents or comments to send to the imaging center.

1. Select the Referring Provider then click Add.
(You may only see one referring provider, or many, depending on your practice settings.)
2. If an order, clinicals, pre-auth, or other documents need to be uploaded, click Browse Files and select the file to upload with the appointment request.

3. Select the document type from the dropdown.
4. If a comment is needed, select the comment recipient, type the comment, and click Next.

Step 3 - Appointment Details

After entering patient details, complete the appointment details, which include: Services/Procedures, Location, Time, and Diagnosis.

Services/Procedures

1. Select the Procedure Type and Procedure.
2. Click Add.

Location

3. Select the preferred Location and click Next.

3. Select either First Available or Preferred Time options for the appointment request. Regardless of which option is selected, the request will go to a queue for the facility staff to call the patient and confirm a time.

Diagnosis

4. Scroll down to enter the diagnosis (you can search by code or keyword, then click the correct option to select it), add an onset date, if known, and click Add.
5. Click Next to view the Summary page.

The screenshot shows a web form titled "Diagnosis" with a blue header bar. Below the header, there is a light blue box containing two input fields: "Diagnosis" and "Onset Date". The "Diagnosis" field contains the text "Struck by goose (W61.52)" and has a magnifying glass icon to its right. The "Onset Date" field contains the placeholder text "MM/DD/YYYY" and has a calendar icon to its right. To the right of these fields is a blue button labeled "+ Add". Below the light blue box, there is a white bar with a "Back" button on the left and a "Next" button on the right.
